A large, abstract green watercolor splash graphic on the left side of the slide, with various shades of green and some darker spots, creating a textured, organic shape.

Finding & Filling Forms

- Go to: <https://ga-hstem.zfairs.com/>
 - Note: there is no www.
 - Google Chrome is the preferred browser
- Log-in to your student account (you need to register if you are logging-in for the first time)
- Click on Project Dashboard (top left corner)
- In the Project Dashboard you will fill out the forms that are needed for your project
- The first thing you need to fill out is the Project/Research Plan 1A

Go to: <https://ga-hstem.zfairs.com/> select the correct fair and log in

begin on this project.

Once logged-in you will need to click on the Project Dashboard to complete your project forms & signatures

Welcome to the HR-STEM Fair. This is an opportunity to celebrate your explorations. From this page, you will retrieve the forms you need for your project. Remember, you must have a valid email address that you commit to using throughout the HRSTEM Fair process. You will be able to upload all of your forms for your project through this site. Your teachers will be able to access your forms and together, we will make sure your investigations are completed safely and presented professionally. We honor your work.

Student Project Dashboard

Welcome to your Project Dashboard!

Project Dashboard

You will use this page to make changes to your project application and request signatures and approvals. Fill out as much information as you can; **remember to update your information when needed.**

Scroll Down

Make sure you click on all of the different forms and fill them out. You will have to scroll down to see all of the forms.

Submit Your Application / Project

Once you have filled out the rest of your application you will be able to submit your application. To submit your application scroll to the bottom of the page and you will find a button that reads "I Approve", click this button to submit your application.

Request Signatures & Approvals

You will need to request approvals and signatures to complete your application. You can see a list of the needed approvals in the Project Status & Approvals panel.

Remember to Save

As you make changes to your project and to the other forms remember to save your changes!

General Information

Title: The Effect of Things on Stuff

Category: Animal Sciences

Project Start Date: mm/dd/yyyy **Required**

Project End Date: mm/dd/yyyy **Required**

- This project is a continuation or progression from a previous years project.
- This project includes the use of humans.
Please visit this link for rules regarding projects using human subjects. Please contact your director via email if you have any further questions. <https://student.societyforscience.org/human-participants?pid=317>
- This project includes the use of vertebrate animals.
- This project is conducted at a Regulated Research Institution. (Such as a university, college, medical center, government lab, or correctional institution.)
- This project includes the use of potentially hazardous biological agents. (rDNA, microbes: bacteria, virus, fungi)
- This project includes human subjects and/or vertebrate animal tissue. (saliva, tears, urine, feces, skin, muscle etc.)
- This project includes the use of frozen tissue, primary cell cultures, blood, blood products, and/or body fluids.
Note: student blood research allowed only if a medical professional handles the blood and provides you with the data.
- This project includes the use of hazardous chemicals, activities, and/or devices. (electrical equipment 120 volts. 20 amps. lab grade chemicals. activities beyond those of normal everdvav life

Start Date must be after your Adult Sponsor, and possibly IRB/SRC, have read your research plan.
